### PROFILE SUMMARY

Creative and detail-oriented Frontend Developer skilled in building responsive, user-friendly web interfaces using HTML, CSS, JavaScript, and React. Passionate about clean design, accessibility, and seamless user experiences. With a background in content creation and storytelling, I bring a unique ability to translate complex ideas into intuitive digital solutions. Dedicated to continuous learning and creating modern, impactful web applications.

### WORK EXPERIENCE

WomenTechMakerilorin

2021- PRESENT

Program Manager

- Speaker & Mentor Management: Identifying, recruiting, and coordinating female leaders, developers, and industry experts to speak or mentor at WTM events.
- Community Growth: Implementing strategies to effectively market the programs to reach a broader audience of women, students, and professionals in the local area.

Google Developer Students Club KP

2021- 2023

Program and Operation Manager

- Translates the club's vision into a strategic, executable calendar of high-demand events (workshops, hackathons, speaker sessions).
- Manages the day-to-day work of the core team, optimizing processes and delegating tasks for maximum efficiency.

Folajin Global Consult

2023 - 2024

Web Developer

- Front-End Implementation: Writing and maintaining code using HTML, CSS, and JavaScript to build the visual interface and user experience (UX). This includes ensuring the site is responsive (works well on phones, tablets, and desktops)
- Ensuring websites are optimized for speed, performance, and Search Engine Optimization (SEO) to maximize business value for the client.

# SHEU MARIAM
